where quality counts

4 way stretch technology

Patina signifies strength and durability in the harshest of conditions without compromising style. The latest development in multi-functional vinyl that conforms with the highest standards required in the marine, automotive, commercial and domestic markets.

Patina is suitable for indoor and outdoor use, has a scratch resistant surface and still satisfies the need for comfort in its soft feel, combined with 4 way stretch.

Patina has flame retardant properties even for commercial and contract use and is treated with an anti-microbial additive to inhibit the growth of bacteria, mould and mildew. UV Stabilised for use in the great outdoors. **Patina** carries a 2 years guarantee against manufacturing defects and technical breakdown.

Dimensions	Roll length	25m
	Width	137cm
	Thickness	1.1mm (nominal)
FR Properties	Meets Australian FR Standards for use in All Commercial Areas	
	Tested to AS 1530.3 (1989)
